

UPDATE ON NORTH MOUNTAIN AERIAL SPRAYING RALLY

# CHANGE OF VENUE

## Don't Spray Us! Rally

THURSDAY SEPT 3 –

**New Site 2122 Long Point Road Burlington NS B0P 1E0 4PM**

Expected numbers at Thursday's Don't Spray Us - North Mountain Rally have forced a change of venue to accommodate larger numbers than originally estimated.

Organizers of the rally opposing aerial herbicide spraying on local woodlands have met such a positive response that they feel the original venue will not be adequate for maintaining social distancing.

The event will now be held at the Burlington Community Hall, The Burlington Community Hall is easier to find and can handle more parked cars and achieve easier social distancing while providing good access for everyone on a paved road. As well, an open seating area outdoors will provide safe space for the expected increase in attendance.

Organizers are asking supporters to share the new location as quickly as possible.
